

## CONSENT TO MEDIATE

We, the undersigned, voluntarily agree to enter into mediation provided by the Greater Boston Federal Executive Board's Shared Neutrals Program.

We are aware that:

- Mediation is completely voluntary and understood to be so by all involved parties. Although there may be circumstances where participation is not voluntary, any agreement arrived at through mediation must be voluntary.

- The mediator will not be a decision-maker or provide legal advice;

- Either of the parties or the mediator may terminate the mediation at any time;

### Confidentiality

- The mediation process is strictly confidential unless there is evidence of a threat of bodily harm or public safety;

- Information gathered during the mediation cannot be used in any subsequent administrative or judicial procedure. The mediator cannot be called to testify on behalf of either party.

- All notes, documents, statements, information, and other material produced for and shared during the mediation, whether in writing or orally, shall be held in confidence.
